Berkeley Energy & Resources Collaborative
presents the

Cleantech Entrepreneurship Forum

Hear some of the leaders in today's cleantech space discuss how an idea becomes a product and what it takes to make company successful!

Rick Winter

Founder & CTO of Primus Power

Rick Winter is a Mechanical Engineer with 20 years of experience in grid storage. As winner of the 2011 Phil Symons award for battery technology development, he holds 5 patents with 11 pending. He is a long-standing board member and twice chairman of the Electricity Storage Association.

Brooks Kincaid

Co-Founder & CEO of Imprint Energy

Imprint Energy prints high performance, rechargeable batteries that remove limitations on batteries' size, shape, and use. Brooks holds a B.S. in Management Science and Engineering from Stanford University and received his MBA from Haas in 2011.

Food sustainably provided.
