TENREHTE CEO JENNIFER M. INDOVINA NOMINATED FOR 2012 TECHNOLOGY WOMAN OF THE YEAR AWARD

*The Technology Woman of the Year Awards to recognizes the achievements
of women in high technology field!*

ROCHESTER, NY USA – March 29, 2012 – Tenrehte Technologies, a leading producer of wireless energy efficiency products, is pleased to announce that CEO Jennifer M. Indovina was nominated for the 2012 Technology Woman of the Year Award, an annual award presented by Digital Rochester.

Any woman who works with data, processes, and implementation of information systems, including telephone systems, computer infrastructures, applications development, data integration, wireless or mobile applications and devices, e-business, or e-commerce/m-commerce is eligible for this award. Additionally, women working in the fields of optics and engineering disciplines are also eligible for this Technology award, as Digital Rochester recognizes Rochester's deep roots in research, development, and manufacturing within these high-profile verticals. Women nominated for this award must work within the Greater Rochester metropolitan area.

“We are absolutely thrilled for our CEO to be nominated for the 2012 Technology Woman of the Year Award,” said Mark Indovina, COO of Tenrehte. “To be selected as a Technology Woman of the Year Award nominee is truly an honor for Jennifer. She works hard to promote our company, our products, and our vision. Given all she has accomplished in such a short time, Jennifer is true entrepreneur building a successful company,” said Mark Indovina, COO of Tenrehte.

Details about Technology Woman of the Year Award and the list of nominees are available on the [Digital Rochester Website](#).
